HOTEL SHINY GRAND

Guns N' Roses in Guwahati, 17 November 2026

One night, one big crowd, and a city that will be busy. How to keep the trip simple.

17 November 2026

the date to plan around

- Concert nights push Guwahati hotel demand up and cabs get scarce after the show.

Two ways to do it

- **One-nighter:** land, check in near the airport, leave luggage, go to the show, sleep, fly out.
- City stay: closer to the venue, but you add a pre-dawn airport run the next morning if your flight is early.

The airport-side advantage

- 1.7 km from Terminal 2.
- 24/7 front desk, so a late return is not a problem.
- Free luggage storage while you go to the show.

Practical points

- Book the room before the ticket resale market moves, not after.
- Agree your ride back before the show starts. After it ends, everyone is looking at once.
- If your flight home is before mid-morning, remember the fog window closes in mid-February, so November mornings are usually normal.
