HOTEL SHINY GRAND

An 8-hour layover at Guwahati airport

What is actually possible once you account for immigration, baggage and the margin you should not spend.

By the clock

- **Under 3 hours:** stay inside the terminal.
- **3 to 6 hours:** a room near the airport beats airport chairs. Shower, meal, real nap, back in minutes.
- **6 to 10 hours, daytime:** Kamakhya Temple or the riverfront is doable with a booked car.
- **Overnight:** book near the airport rather than in the city.

Return margin

- Leave at least 3 hours before departure for your return to the terminal.
- Guwahati traffic is unpredictable and the airport road has few alternatives.

If you leave the airport

- Collect baggage before you exit, especially on separate tickets.
- Agree waiting time with your driver up front.
- Carry small cash; cards work in cafes, not at every stall.
