HOTEL SHINY GRAND

# Kaziranga from Guwahati: how to plan it

A long drive each way, two nights minimum, and a park that is closed for part of the year.

# Plan it as two nights, not a day trip

- The drive from Guwahati is long enough that a same-day return wastes the trip.
- Two nights gives you two safari slots and a rest.

# When to go

- The park closes for the monsoon months, so check the season before you book rooms.
- Peak season is busy; book jeep safaris early.
- Winters are cool and clear, with the best visibility for sightings.

# Make the drive part of the plan

- Leave early; you will want daylight at both ends.
- Keep the last night before your flight on the airport side.
- Free luggage storage at the hotel means you can leave extra bags behind.

# The pattern that works

- Night 1: airport side, after your flight.
- Nights 2-3: Kaziranga.
- Last night: airport side again, then your flight.

# Hotel Shiny Grand
