HOTEL SHINY GRAND

# Long waits and early flights: using a hotel room properly

A room is cheaper than a wasted day when the wait is long or the departure is before dawn.

# Two situations, one solution

- A long daytime wait between flights.
- A departure at an hour when nothing else is open.

# What a room buys you

- A shower and a real meal.
- A proper nap instead of a chair.
- A place to repack and charge everything.
- A front desk that can arrange the car.

# Timing rules that hold

- Check-in 12:00, check-out 11:00.
- Early check-in is chargeable and subject to availability, so tell them your hours when booking.
- A pre-dawn departure needs the bill settled the night before and a wake-up knock as backup.

# Transport

- Direct bookings include one complimentary one-way airport transfer, pickup or drop.
- 1.7 km from Terminal 2, about 5 minutes by road.
